

18.11.20

L1: To subtract numbers within 20

- Practise counting forwards and backwards up to 20.
- Write all the numbers in order up to 20.
- Complete the subtraction calculations below. Use the number line to help you.

If you are unable to print, please don't worry. You can record your answers on paper.

$17 - 3 = \square$

$20 - 5 = \square$

$18 - 6 = \square$

$15 - 2 = \square$

$17 - 1 = \square$

$19 - 2 = \square$

$14 - 1 = \square$

$18 - 7 = \square$

$20 - 3 = \square$

$18 - 3 = \square$

$15 - 4 = \square$

$13 - 2 = \square$

Make 12.
