Sports

This is the first of many PE and sports updates: We started the competitive year in sports off with our schools re-entry into the Liverpool Cross Country league. We have had 3 races so far this season in Stanley Park, Croxteth Park and Clarkes Gardens and the children have grown in confidence with each passing race! There are 3 more fixtures in the league in the Spring. This will lead in the city cross country championships and our summer athletics championships.

Our Y5/6 football team has also completed all fixtures in the Admiral Park football league, where we placed third behind St Michaels and Kingsley. The children were fantastic and showed great improvement, attitude and enthusiasm throughout the league. There will be more leagues and fixtures for our girls teams and teams from younger year groups. Watch this space!

Our Y3/4 football team played in a series of friendly football matches against Wavertree last week, the children were brilliant and managed to win all of their games. For us though we take the most out of the children's enjoyment and attitude because this helps them to learn more about themselves! Winning is a nice bonus!

Last week also saw the continuation of the Liverpool FC Foundation's weekly inclusive sports competitions. We have competed in 2 goalball events in which our children showed a fantastic attitude when learning new skills! The children adore attending these events and they will continue throughout the school year!
